WOOD'S QUEEN EM+

Wood's Queen EM+ is a lush digital pinball table with a vibrant jungle theme, imagined as a hybrid between classic electro-mechanical machines and early solid-state pinball. Inspired by the adventurous spirit of pinball tables from the 1960s and 1970s, this table features straightforward shots paired with layered bonus play. Players can trigger jungle-themed bonuses like Vine, Root, Leaf, Hidden Path, Roar, and Jungle as they navigate the table's wild terrain and rack up points. Explore seven main objectives: Parrot, Elephant, Python, Dino, Gorilla, Crocodile, and Cub, as you venture deep into the heart of the jungle. Wood's Queen EM+ blends retro pinball spirit with an immersive wild adventure.

Note:

For Legends Pinball HD and Legends Pinball TMNT machines: Table will need to be downloaded to a FlashDriveX™-formatted USB drive (not included) for devices with 8GB internal storage and can be downloaded to the internal storage for devices with 16GB internal storage.

For Legends 4K™ machines: Table can be downloaded to the internal storage or a FlashDriveX™-formatted USB drive (not included).
